organized, and will shortly be incor-  
porated under the laws of New Jersey  
with \$25,000,000 capital. The pro-  
prietor will apply for a permit to do  
business in Texas, and there is some  
probability that he will meet with op-  
position from the state officials.

No definite plans have yet been  
given out for the annual conference  
of governors and attorney generals  
to meet at St. Louis Wednesday. It  
is believed that one of the results  
will be the calling of special legisla-  
tive sessions in some states to deal  
with the trust problem.

As Soon as Formalities are Ended  
The Prisoner Will be a

and that it will not be signed for

Dreyfus, five miles from Dover,  
Sunday, and engaged apartments.  
Madame Dreyfus and her children  
will dwell in the event of her  
parole to have been much affected  
by the verdict. M. Labor is re-  
ported to have been much affected  
by the verdict, expressing towards

parole have ended the prisoner  
will join his family in England.

## SUES INSURANCE COMPANIES

Ed Guthrie Brings Suit Against  
Eight of Them.

Mr. Ed Guthrie, the dry goods mer-  
chant, yesterday afternoon filed suit  
in the circuit court against the fol-  
lowing insurance companies and the  
amount of the suit is \$25,000.

Handberg Insurance Co. for \$25,000;  
Phoenix Assurance company for \$25,000;  
The Commercial Union Assurance Co.,  
for \$25,000; Royal Insurance company  
for \$25,000; and New Hampshire Fire  
Insurance company for \$25,000.

This is the culmination of Mr. Guthrie's  
controversy with the companies.  
He claimed that his loss by smoke  
when Mr. Henry Bailey's store was  
burned next door, was not as great  
as he claimed, and declined to pay.  
It was estimated once or twice, but  
the estimate was not satisfactory, so  
Mr. Guthrie brings suit against  
the companies.

Hosmerfield & Crice and Wheeler  
& Worthen are his attorneys.

## OFFER TO RELEASE CAPTIVES

Philippine General and Yorktown's  
Men Want to Pass American  
Lines to Manila.

## HE DESIRES TO CONSULT OTIS

MANILA, P. I., Sept. 19.—The in-  
surgents have promised to release the  
sixteen American prisoners, including  
Lieut. Gilmore. The insurgent gen-  
erals have visited then. Mr. Arthur  
to secure permission to pass the pris-  
oners through the American lines, ac-  
companied by a Filipino general. The  
purpose of the visit of the Filipino  
general is to confer with Gen. Otis,  
presumably regarding peace, as in-  
formation of prisoners has been asked for.

WASHINGTON, Sept. 19.—Gen. Otis  
cables the war department in con-  
firmation of the Filipino's offer to re-  
lease Lieut. Gilmore and companions  
and of Aguinaldo's request that one of  
his emissaries be allowed to pass  
through American lines and confer  
with the purpose of holding con-  
sultations with the commanding gen-  
eral. This belief Aguinaldo desires  
to make peace overtures.

MANILA, Sept. 19.—The transports  
Ohio and City of Sydney arrived here  
this morning. The former carries the  
troops brought over from San Fran-  
cisco by the Morgan City, which went  
ashore off at the coast of Japan. The  
City brought about eight hundred  
cargoes from San Francisco.

## ANOTHER DAY

This Will Probably be What is  
Required in Flowers Case.

The Defense Begun This Morning  
—Large Crowds in Court  
Room.

The circuit court room has been  
crowded for the past two days with  
people with a taste for the present.  
The case on trial is that against  
George Flowers, of the county, charged  
with rape. The evidence has been  
in full publication, but there are  
many there to drink it in with en-  
thusiasm and evident relief.

Yesterday afternoon the prosecu-  
tion rested its case and after making  
its statement to the jury Attorney Lightfoot,  
for the defense, introduced George Flowers,  
the defendant, who told quite a  
different story from the young lady,  
submitting everything except that he  
did anything against her consent.  
There are a dozen or more witnesses  
to be examined yet, and it is prob-  
able that the case will not be finished  
by tomorrow evening.

Yesterday afternoon the prosecu-  
tion, Miss Mansfield, testified.  
She stated that the alleged  
victim was committed in a buggy, in  
the woods. She said she submitted,  
because when she looked into the face  
of the young man she knew it  
was Simon or Dreyfus.

There was quite a dramatic scene  
in the court room when the mother of  
the girl testified. Owing to a recent  
nervousness, in which she lost her  
mother, she was not rigidly cross-  
examined. When the attorneys had  
told her they were through, however,  
she said there was something else she  
wanted to tell. Attorney Lightfoot  
objected and Commonwealth's At-  
torney Brandshaw insisted. She then  
said the reason she knew so much  
about the state of affairs was that  
because she had lost her mother,  
and began to weep bitterly. This  
had the effect of bringing tears to  
the eyes of one of the jurymen, and  
Attorney Lightfoot proceeded to give  
the Commonwealth's attorney a good  
verbal lambasting, accusing him of  
unprofessional conduct in trying to  
work a scheme to prejudice the jury.

The court threatened to send At-  
torney Lightfoot to jail, and for a  
few moments there was considerable  
excitement.

## WITH THE PEOPLE.

President McKinley is Preparing  
For a Month's Outing.

President McKinley will join the  
people in many celebrations next  
month. October will be adorned by  
with the liberal use of red fire to  
celebrate the president's birthday.  
The president will be in the city  
from that beginning the president  
will continue to celebrate with the  
people for at least two weeks and  
throughout the month. The hero  
will come to Washington on October  
2, and the national capital will be  
adorned with red fire that night. It  
will be one of the most magnificent  
comings an officer ever received.  
The next day will be a holiday at the  
national capital and at noon the pres-  
ident will, on the east front of the  
capitol, where he took the oath of  
office, present to Admiral Dewey  
the sword which congress has pro-  
vided as the nation's testimony of his  
great service.

The next day, October 3, the presi-  
dent and his cabinet will leave the  
capitol for the west. That will be  
the beginning of the presidential  
swing "around the circuit," which  
has no other political significance  
than the effect of the president to  
carry the wishes of the western peo-  
ple and to join with as many ex-  
posed side in various celebrations they have  
desired. This trip is not arranged  
by the president but by the people.  
He is simply their guest. For months  
they have been urging him to visit  
and when he consented to lay the  
corner stone of the new postoffice  
in Chicago he was overwhelmed with  
invitations from other western cities.  
He has accepted a number of these  
and is preparing to give up two weeks  
and possibly the whole month of  
October to these celebrations.

## ACCIDENT AVERTED.

A Twisted Axle Discovered Just  
In Time Yesterday.

Yesterday as No. 281, a coal train  
run by Engineer Tyndall, was pass-  
ing Gravel Switch, above Paducah,  
coming this way, Engineer Feeney,  
of a work train on the side track, dis-  
covered that one of the axles on one  
of the cars was bent. He succeeded  
in flagging the train, and the axle  
was found to be almost twisted off.  
Had the condition of it not been dis-  
covered when it was, it is probable  
that there would have been a serious  
derailment.

Ireland in Ballard County  
Near Wickliffe.

## THE MURDERER ESCAPED

Marshal Collins Instructed to  
Keep a Lookout for Him—  
Ireland a Wild Youth.

## PARTICULARS OF THE TRAGEDY

Marshal Collins this morning re-  
ceived a telegram from Judge  
Parker of Wickliffe, Ballard county,  
asking him to keep a lookout for Sam  
Ireland, wanted for murder, and who  
was believed to be coming this way.

of age and wild. He and his father,  
who are farmers, were riding in their  
buggy yesterday afternoon late near  
Chandlers, when they overtook George  
Cuddy and his son in another buggy,  
all going towards Wickliffe.

They had not been on the best of

# NO FLOOD GATE THIS YEAR.

### The City Cannot Put in the Fill at Present.

A plan has been on foot for some time to build a flood-gate or dam across Cross creek, at the extremity of Cross creek, for the purpose of keeping the high water, during inundations of the river, from the city. The dam is to be built on the city. The dam is to be built on the city. The dam is to be built on the city.

# MUST BE REMOVED.

The old racketeers on lower Broadway must go. The foul smelling dens have disgraced the locality for years, but nothing could be done to induce the owners to tear them down and now the city has taken a hand. Mayor Law, City Engineer Wilcox and Fire Chief James W. Hall will go down and inspect the buildings. It is already known that they will be condemned as fire traps and public nuisances and, as will, no doubt, be torn down within the next several months. They are inhabited principally by negroes, that is those complained of, and are very obnoxious to the people in that section. Complaints have frequently been lodged before the council, but to no purpose.

# HAD A FIGHT.

Charles Summers and John Collier had a fight at Longstaff's mill early this morning, but neither was seriously hurt. A warrant was issued against them charging them with a breach of the peace. Collier is a foreigner.

Oysters served in any style at Calusa's.

The most valuable natural bridge in the world is to be found at Calusa, lying across a deep chasm 40 feet in width. It is a perfect arch about four feet in diameter and about 100 feet in length. It is pure granite all through, and therefore is much more valuable as regards material than any bridge of marble or granite would be. But the most expensive material of which a bridge has ever been built is probably granite. One was built over the John river at Kanawha, in the Kanawha valley, in the place of a bridge which was swept away by the floods of 1892. A similar bridge was constructed during the last Sudan campaign over the Kokora river for military purposes.

### CAPT. DAVIS AGAIN.

Replies to the card of Contractor Katterjohn.

The Katterjohn suit. I notice in The Paducah Sun of the 10th inst. what purports to be a communication from Mr. E. W. Katterjohn. Although signed by him it was evidently written by another person. I do not think anything by way of reply to this communication from me is really necessary, for while it is lived with and, with bitterness and passion, its manifest nature, its flagrantly false assertions, its many patent inaccuracies, make up the antidote for the poison. He denies that he contributed back from another yard in order to have his own used. How did that get into Frank Potter's? His very title is indicated and respects for himself.
